

Finance Transformation Project Management Consultant

At EY, you'll have the chance to build a career as unique as you are, with the global scale, support, inclusive culture and technology to become the best version of you. And we're counting on your unique voice and perspective to help EY become even better, too.

Join our continuously growing team, which employs over **2.500 professionals in Greece**, and is listed in **Greece's Top Employers, Great Place to Work and Best Workplaces for Women for 2024!** Experience great **flexibility**, under **our hybrid operating model** across our offices in **Athens, Patras, and Thessaloniki**, while benefiting from **personalized learning** and **career development opportunities**. We prioritize **diversity, equity, and inclusion**, fostering an environment where everyone's unique perspectives are valued, that supports you in building an **exceptional experience for yourself**, and a **better working world for all**.

The opportunity

As a Finance Transformation Project Management Consultant, you will have an instrumental role in supporting the finance transformation journey of our clients by ensuring successful project execution of their strategic initiatives. Working closely with cross-functional teams, you will provide expert guidance throughout partners update and optimize their finance operations.

Your key responsibilities

- Develop comprehensive project plans; identify and managing project dependencies and critical path tasks; define scope, schedule, budget, resource allocation and anticipate project risks
- Participate in the project's delivery lifecycle, which includes: understanding project objectives and requirements, participating in design, analysis and testing and supporting successful project delivery
- Monitor project progress against milestones using appropriate tools, implement effective mitigation strategies and contingency planning and resolve issues
- Review proposed modifications to project plans and initiate the change management process, facilitating approval and implementation by stakeholders
- Provide regular project progress report updates to clients and internal teams, highlighting strategic decisions to be made by client management and promptly addressing any concerns
- Determine success metrics for project participants and setting clear expectations for all parties involved

Skills and Attributes for Success

- Proactive mindset with strong planning, organizational and problem-solving skills
- Ability to work within project constraints, ensuring timely delivery of project milestones
- Excellent presentation, communication and interpersonal skills
- Detail oriented focus with a logical and methodical approach
- Positive attitude, team working and dedicated work ethic
- Commercial awareness, negotiation skills and ability to foster strong client relationships

To qualify for the role, you must have

- Excellent academic record, ideally including a postgraduate degree in Project Management, Finance, Accounting, Business Administration, or a related field
- 2-5 years of Project Management experience in large projects
- Good working knowledge of finance technology (e.g., SAP, Budgeting and Planning or Treasury tools)
- Understanding of project management methodologies and tools (e.g., Microsoft Project, Asana, Trello)
- Client facing ability and capacity to coordinate virtual teams
- Capacity to express ideas verbally and in writing, in a clear, concise, and professional manner (both in Greek and English)

Ideally, you'll also have

- PMP, Prince II, or other project management certification

What We Look For

What's most important is that you're dedicated to working with your colleagues as part of a high-performing team. You'll need to demonstrate enthusiasm, high-motivation, and passion to develop fast in a multinational working environment. You'll need to thrive in picking up new skills and talents as you go, so natural curiosity, a lot of questions and the confidence to speak up when you see something that could be improved are essential. If you've got the right combination of technical knowledge and communication skills, this role is for you.

What we offer

- **Competitive remuneration package:** You'll be rewarded for your individual and team performance. Depending on your experience, our comprehensive rewards package includes benefits that suit your needs including cutting-edge technological

equipment, ticket restaurant vouchers, a private health insurance scheme, life insurance, income protection and an exclusive EY benefits club that provides a wide range of discounts, offers and promotions.

- **Flexible working arrangements:** We operate under a hybrid working model, which is defined based on both your own preferences and team's needs, and we enjoy our summers with short Fridays.
- **Personalized learning experience and career development:** We provide free and unlimited access to educational platforms and EY Badges, support certifications, and provide coaching and feedback, as a part of our Leadership & Development process, all of which can lead to a meaningful impact and success as defined by you.
- **Transformative leadership:** We'll give you the insights, coaching and confidence to be the leader the world needs.
- **Diverse and inclusive culture:** You'll be embraced for who you are and empowered to use your voice to help others find theirs.
- **International Experience:** Become part of international projects and work along multicultural teams, through our global network.
- Above all, you will be working in one of the most recognized employers in Greece, as we have been awarded the **Top Employers, Great Place to Work** and **Best Workplaces for Women** awards for 2024.

If you can demonstrate that you meet the criteria above, please contact us as soon as possible.

The exceptional EY experience. Shape the future with confidence.
